See Attachment A, Resources, for additional resource information.

1.2 Purpose of SEVIS

SEVIS facilitates timely reporting and monitoring of international students, exchange visitors (EVs), and their dependents in the United States. SEVIS is an Internet-based application for electronically monitoring and reporting on these individuals. SEVIS enables schools and program sponsors to transmit electronic information to the Immigration and Customs Enforcement (ICE) bureau and the Department of State (DoS) throughout a student's or EV's program in the United States.

SEVIS enables the submission of designation applications. Once designated as an Exchange Visitor Program sponsor, users may update program sponsor information, submit updates to DoS that require approval, and create and update J-1 EV and J-2 dependent records (that is, records of an accompanying spouse and minor, unmarried children). The DoS Office of Exchange Coordination and Designation has the capability to review and approve certain updates made to program sponsor and EV records using SEVIS, and the ROs and AROs will be notified by email of the results.

This manual contains instructions for accessing SEVIS with a permanent user identification (ID) and password; creating and processing Forms DS-3036 and DS-3037 Exchange Visitor Program Application; viewing alerts on EVs; and viewing and printing a variety of reports.

1.3 Privacy Act Considerations

Access to SEVIS is restricted to authorized users. SEVIS contains confidential information concerning international students, EVs, and their dependents. Unauthorized access to and

disclosure of this information could affect the privacy to which individuals are entitled under Section 552a of Title 5, U.S. Code. This information is protected by the Privacy Act, as well as by Federal and agency regulations. Exhibit 1, Criminal Penalties, provides information on the penalties for unauthorized access and disclosure of this information.

Exhibit 1: Criminal Penalties

Criminal Penalties

- (1) Any officer or employee of an agency, who by virtue of employment or official position, has possession of, or access to, agency records which contain individually identifiable information, the disclosure of which is prohibited by U.S. Code Section 552a or by rules or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.
- (2) Any officer or employee of any agency who willfully maintains a system of records without meeting the requirement to publish a notice in the Federal Register regarding the existence and character of the system of records, shall be guilty of a misdemeanor and fined not more than \$5,000.
- (3) Any person who knowingly and willfully requests or obtains any record concerning an individual from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than \$5,000.

1.4 Security Reminder

SEVIS was developed to maintain multiple levels of security in both the real-time and batch systems to help protect against unauthorized access. One of the most important actions that you can take is to safeguard your user ID and password. Your SEVIS user ID and password are intended for your use only. Do not share your user ID and password with any other person and do not keep a written record of your user ID and/or password in a location that can be accessed by others. For program sponsor officials, the Exchange Visitor Program regulations (22 CFR 62.71(b) and 62.79(a)(3)) specifically address this issue.

If you suspect that your password has been compromised, you can reset it using the **Request Password Reset** link on the *SEVIS Login* screen located at <https://egov.ice.gov/sevis/> or the **Change Password** link on the navigation bar. Alternatively, you can contact the SEVIS Help Desk at 800-892-4829 to have your password reset.

If you believe that an unauthorized person has obtained access to international student or exchange visitor data in one of your internal systems (e.g., local batch system) or if you believe an unauthorized person has gained access to SEVIS, please notify the Department of Homeland Security (DHS) Help Desk immediately at 888-347-7762. The DHS Help Desk is staffed 24 hours a day and can assist with security concerns only. All other SEVIS concerns or questions should still be directed to the SEVIS Help Desk at 800-892-4829. When calling the DHS Help Desk to report a security concern, it will be helpful to have the name(s) and contact information for the RO and ARO(s) and program technical and security contacts, as appropriate.

The DHS Help Desk will contact the Student and Exchange Visitor Program (SEVP) office immediately. SEVP will work with you to take appropriate steps to protect and prevent loss of SEVIS information. Such actions to be taken may include issuing new SEVIS user IDs and passwords as well as loading new security certificates for the SEVIS batch upload process, if applicable. Additionally, school and sponsor officials who believe that their internal systems may have been compromised should follow their local formal security procedures.

System security is a serious matter. SEVP is committed to addressing any system security concerns or issues that may arise. If you need assistance, please contact the program office at 202-305-2346.

2.3 Updating Program Information (Forms DS-3036 and DS-3037)

SEVIS enables ROs and AROs to use the Form DS-3037 to update program information and perform tasks such as requesting brochures; requesting an allotment of Forms DS-2019; and adding, updating, and deleting AROs. To perform these tasks, begin by selecting the appropriate program sponsor in the **Name of Program** column on the *Listing of Programs* screen. Exhibit 7, Listing of Programs Screen—Program Links, is an example of the screen.

Exhibit 7: Listing of Programs Screen—Program Links

Name of Program	Location (City/State)	Status	Role	Commands
American Au Pair Agency, Inc.	Anytown, VA	PROGRAM ACTIVE	RO	Search New Exchange Visitor * Alerts EV Lists Reports
Whispering Pines Institute	FAIRFAX, VA	PROGRAM ACTIVE	ARO	Search New Exchange Visitor * Alerts EV Lists Reports

Certain program information can be updated by the RO or an ARO without DoS approval. However, submitted changes for other updates must be reviewed and approved by DoS. The tasks requiring DoS approval also require you to print the Form DS-3036 or DS-3037 and submit the Form and supporting documentation, if any, to DoS. Once DoS reviews and approves or denies the change or request, the program sponsor record is updated, as necessary.

Exhibit 8, Program Sponsor Information Screen, is an example of the screen that provides links to submit requests to DoS and make changes to the program information. The screen contains summary information for the selected program, including program officials' information. The left side of the screen contains three menus: **Actions**, **Edits**, and **Lists/Reports**. The options, or links, on each menu provide you with the capability to complete a variety of tasks. The procedures for making requests and/or changes to program information are described in the following sections.

Exhibit 8: Program Sponsor Information Screen

The screenshot shows the SEVIS interface for a program sponsor named 'Research Center'. The top navigation bar includes 'Main | Help | Tutorial | Logout' and 'Message Board | Change Password'. The left sidebar contains an 'Actions:' menu with 'Amendment' circled and highlighted by an arrow pointing to a box labeled 'Amendment Link' at the bottom of the screen. Other menu items include 'Redesignation', 'Change Program Sponsor Name', 'Request Allotment of DS-2019', 'Request Brochures', 'Cancel Program', 'Pending Requests', 'Register for Batch Processing', 'Edits:', 'Add/Update Officials', 'Update Address', 'Lists/Reports:', 'Search Exchange Visitor', 'Create Exchange Visitor', 'Exchange Visitor Lists', and 'Reports'.

The amendment process is similar to the initial designation process. An RO or ARO must complete and submit an amendment to the program's original Form DS-3036 using SEVIS. The completed application must also be printed and mailed with supporting documentation to DoS. No fee is required and only one request can be submitted at a time. If the application is approved, the program's designation will be updated to include the additional categories.

2.3.1.1.4 SUBMIT THE AMENDMENT REQUEST

The amendment process is similar to the initial designation process. The RO or ARO must complete and submit an amendment to the program's original designation using SEVIS. There is no fee for submitting an amendment request, and only one amendment request can be submitted at a time.

The completed application must also be printed, signed, notarized, and mailed with supporting documentation to the appropriate address. (See Section 1.1, Resources, or Attachment A, Resources, for the appropriate address.) DoS must receive these materials before the request will be reviewed.

Note: The submitter of the request will receive email notification when DoS notes in SEVIS receipt of the completed, signed, and notarized application, and the supporting documentation.

DoS will use SEVIS to view and process the amendment request; the following outcomes are possible:

- **Approved**—The submitter of the request will receive approval notification by email. The additional categories will be added to the program.
- **Request for Information**—Additional information is required for processing the request. The submitter of the request will receive an email stating that additional information is required for the review to continue. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS marks in SEVIS that the information has been received, an email will automatically be sent to the submitter of the request stating that the material has been received and the review process will continue.
- **Denied**—The RO will receive notification by a mailed letter that will provide specific information regarding the basis for denial. There are no means to appeal this decision.
Note: An application that is denied cannot be appealed.

2.3.1.2 Cancel Program

An Exchange Visitor Program with a SEVIS status of Active may cancel its participation as a designated program. Sponsors who wish to discontinue participation in the Exchange Visitor Program must inform DoS of this decision. The program statuses, and a description of each, are as follows:

- **Active**—A sponsor continues to actively administer its Exchange Visitor Program.
- **Withdrawn**— The organization has requested to withdraw as the sponsor of an Exchange Visitor Program. This is accomplished using the Cancel Program function in SEVIS (see the instructions below).

Note: Once a program is canceled, additional program participants cannot be added, and extension and change of category requests cannot be submitted.

- **Canceled**—SEVIS automatically assigns this status to the program when DoS:

1. Determines that there are no active SEVIS records for EVs
2. Marks in SEVIS that the program is canceled

Note: When DoS marks in SEVIS that the program is canceled, the remaining SEVIS officials (RO and AROs) will receive an email informing them that their access to SEVIS for the canceled program has been deactivated.

To cancel a program, perform the following:

1. On the *Program Sponsor Information* screen, click the **Cancel Program** link. The system displays the *Cancel Program* screen.
2. Click the **Cancel Program** button.

WARNING: The program will be canceled immediately when the **Cancel Program** button is clicked.

Note: Proper steps must be taken to transfer the existing participants out of the program. You may also allow the EVs to complete their programs, at which time their records will become Inactive. When DoS notes in SEVIS that there are no Active EVs in the program, the remaining users (RO and AROs) will receive an email informing them that their access to SEVIS for the canceled program has been deactivated.

2.3.1.3 Change Program Sponsor Name

A program sponsor requesting a name change must submit a signed and notarized Form DS-3037 and new Articles of Incorporation to DoS. However, change of ownership requires the completion and submission of a new Designation Application (Form DS-3036).

To submit a request to change the name of the sponsor organization, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program requesting a name change. The *Program Sponsor Information* screen displays.
2. Click the **Change Program Sponsor Name** link on the **Actions** menu.
3. Enter the required information.
4. Click the **Change Name** button. A message displays stating that the request has been successfully submitted to SEVIS.
5. On the message screen, click the **Print DS-3037** button to print a copy of the Form. (See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions.)
6. The signed and notarized Form and new Articles of Incorporation must be mailed to DoS. See Section 1.1, Resources, or Attachment A, Resources, for the appropriate address.

Following receipt of the Form and the Articles of Incorporation, DoS will process the request. The following outcomes are possible:

- **Application Approved**—The submitter of the request will receive approval notification by email.
- **Additional Information Required**—The submitter of the request will receive an email stating that additional information must be provided so that DoS can continue processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information and updates the request in SEVIS, the system will send an email to the submitter of the request stating that the material has been received and the review process will continue.
- **Application Denied**—The RO will receive notification by a mailed letter that will provide specific information regarding the basis for denial.

2.3.1.4 Pending Requests

SEVIS provides you with the capability to view, print, and delete requests that are pending. Such requests include a request for Forms DS-2019 and adding program sponsor officials.

To view the requests that are pending, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program whose pending requests you wish to view, print, or delete. The *Program Sponsor Information* screen displays.
2. Click the **Pending Request** link on the **Actions** menu. Exhibit 12, Pending Requests Screen, is an example of the screen that displays.

2.3.1.5 Redesignation

Programs are approved to operate for a specific period of time. Six months before a program's approval to operate expires, SEVIS will provide an alert indicating that the expiration date is nearing. Another alert will display 3 months prior to the date of expiration.

Note: When there is an alert for a program, the ***Alerts** link will display on the *Listing of Programs* screen. SEVIS does not send email notification for alerts. You must use SEVIS to view and process alerts. (See Section 2.5, Alerts, for additional information about SEVIS alerts.) Exhibit 13, Listing of Programs Screen—Alerts Link, shows the location of the ***Alerts** link on the screen.

Exhibit 13: Listing of Programs Screen—Alerts Link

The screenshot shows the SEVIS interface. At the top, there is a header with the U.S. Immigration and Customs Enforcement logo, the ICE logo, and the text "Student & Exchange Visitor Information System" and "SEVIS". Below the header is a navigation bar with links: "Main | Help | Tutorial | Logout" and "Message Board | Change Password". On the right side of the navigation bar is a link "Get Adobe Reader".

The main content area is titled "Listing of Programs" and includes a note: "* Indicates an alert for that program". Below this is a table with the following data:

The screenshot shows the SEVIS (Student & Exchange Visitor Information System) interface. At the top, there is a header with the U.S. Immigration and Customs Enforcement logo, the ICE logo, and the text 'Student & Exchange Visitor Information System' and 'SEVIS'. Below the header is a navigation bar with links: 'Main | Help | Tutorial | Logout' and 'Message Board | Change Password'. A 'Get Adobe Reader' link is also present. The main content area displays the program name 'American Au Pair Agency, Inc.' and its 'Program Number: P-4-00447'. Below this, the heading 'Alerts for American Au Pair Agency, Inc.' is shown. A grey box contains the text: 'The following alerts deserve your attention:'. Below this, a specific alert is highlighted with a red circle: '6 months before end of program's designation length'. Underneath, it says 'You have 4 Exchange Visitor(s) Nearing the Program End Date in 60 Days or Less'.

A sponsor who has submitted a redesignation request, including supporting documentation, may continue to operate the program until DoS notifies the program of a decision to extend or terminate its length of designation.

Note: The required non-refundable fee must be submitted via the Pay.gov web site, and a copy of the confirmation page submitted to DoS before this request will be processed. See 22 CFR 62.17, Fees and Charges, for the amount due for redesignation.

The subsequent sections provide instructions for completing and submitting the redesignation application in SEVIS.

2.3.1.5.1 COMPLETE THE REDESIGNATION APPLICATION

See Section 2.3.1.5.3, Submit the Redesignation Request, for additional information.

2.3.1.5.2 ELECTRONIC SUBMISSION OF PAYMENT

DoS has entered into an agreement with the U.S. Department of Treasury's Financial Management Service (FMS) to participate in an electronic payment system known as "Pay.gov." All Exchange Visitor Program fee payments must be submitted via the Pay.gov web site. Currently, the following requests, which are processed using SEVIS, require payment of a non-refundable fee:

- Redesignation
- Change of Category

- Extension Beyond the Maximum Duration of Participation
- Reinstatement
- Reinstatement – Update SEVIS Status

Pay.gov is a secure, Government-wide financial management transaction portal managed by FMS, and developed in cooperation with Cleveland Federal Reserve Bank and Bank of America. The Department accepts payments from checking and savings accounts via Automated Clearing House (ACH) at Cleveland Federal Reserve Bank and credit card collections with settlement provided by Bank of America. The ACH is a funds transfer network that provides for interbank clearing of electronic entries by participating financial institutions.

Your organization must identify at least two Pay.gov users to DoS to register to use the “Exchange Visitor Program (EVP) Fee Payment” form via Pay.gov. This form is private and exclusively for the use of J-1 designated sponsors to submit requests for services (i.e., redesignation, extensions, reinstatements, reinstatement – update SEVIS status, and change of category). Please contact DoS at 202-203-5096 to obtain registration information and instructions for submitting payments electronically via Pay.gov.

Note: “ECFMG Sponsorship” and “Permission to Issue” requests are not CURRENTLY processed using SEVIS. However, fee payments for “ECFMG Sponsorship” and “Permission to Issue” must also be made via the Pay.gov web site.

2.3.1.5.3 SUBMIT THE REDESIGNATION REQUEST

Following the submission of the redesignation request in SEVIS, a signed and notarized copy of the request (Form DS-3036), and a copy of the Pay.gov confirmation page showing payment of the required fee, must be mailed to DoS. See Section 1.1, Resources, or Attachment A, Resources, for the appropriate address.

DoS will use SEVIS to view and process the redesignation request; the following outcomes are possible:

- **Approved**—The RO and the submitter of the request, if different, will receive approval notification by email. The email will contain the length of time (1 or 2 years) for which the program has been approved.
DoS will send a letter of redesignation by fax or the U.S. Postal Service. The redesignation term will take effect on the date that appears on the redesignation letter.
- **Request for Information**—Additional information is required for processing the request. The submitter of the request will receive an email stating that additional information is requested. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information and updates the redesignation request in SEVIS, an email will be automatically sent to the individual who submitted the request stating that the material has been received and the review process will continue.

- **Denied**—The RO will receive notification by a mailed letter that will provide specific information regarding the basis for denial. There are no means to appeal this decision.

Note: A redesignation request that is denied cannot be appealed.

2.3.1.6 Register for Batch Processing

Program sponsors and schools may use the batch data exchange to interface with SEVIS. Authorized organizations can utilize systems external to SEVIS to create and update student, EV, and dependent (visa types F, M and J) records and upload the records to SEVIS. Organizations may develop systems in-house or purchase third-party products to communicate with SEVIS and upload and download information (system-to-system).

The batch data exchange (batch interface) process is the method for automated exchange of data between SEVIS and programs, using the Internet. This exchange requires the registration of a digital certificate in SEVIS for those organizations that want to use batch.

The RO or an ARO for a program wishing to use batch must register the digital certificate. Organizations that sponsor multiple programs must register the digital certificate for each program.

Note: Prior to registering the digital certificate for use with SEVIS, download the certificate files with the “.cer” and “.pem” extensions to a secure location on a local area network. The procedures to download the certificate files will vary depending on the type of browser being used.

To register a digital certificate, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program that is being registered. The *Program Sponsor Information* screen displays.
2. Click the **Register for Batch Processing** link on the **Actions** menu. The system displays the *Acceptance of Batch Interface Security Requirements* screen.
3. After reading the requirements, click the **Accept** button to proceed with the registration process. The system displays the *Batch Process Registration* screen. (If the **Reject** button is clicked, the system will display the *Program Sponsor Information* screen.)
4. To select the path name of the program’s digital certificate, click the **Browse** button and locate the files with the “.cer” or “.pem” extension.
5. Highlight the appropriate file name and click the **Open** button. The *Upload Certificate* screen displays with the path name shown in the text box.
6. Click the **Upload Certificate** button. If the certificate and the RO or ARO’s credentials are confirmed by SEVIS, a *Confirmation* screen displays. However, if the system cannot validate the certificate and credentials, an error message will display. Remember, only digital certificates issued by VeriSign are valid for use with SEVIS.

Note: The SEVP web site and the Online Help contain additional information regarding the SEVIS Batch Interface process. The Universal Resource Locator (URL) for the batch information is <http://www.ice.gov/sevis/schools/batch.htm>.

REMINDER: You must log into SEVIS at least once every 90 days to keep your SEVIS password active. Using only batch will not keep your SEVIS password active.

2.3.1.7 Request Allotment of Forms DS-2019

DoS allots a specific number of Forms DS-2019 to each Exchange Visitor Program. For an EV beginning a new program, when his or her Form is submitted, SEVIS automatically reduces the currently allotted total by one. SEVIS also increments the allotment of Forms by one when the status of an EV (record is in Initial status) is changed to Invalid with the reason of “Form Canceled,” or the system changes the status of the EV to Invalid.

Each program may apply for an additional allotment as needed. SEVIS provides program sponsors a notice alerting them that 80% or more of their electronic Form DS-2019 allotment has been used; the alert shows the number of Forms remaining. However, a request for an allotment of Forms DS-2019 may be submitted to DoS at any time. DoS has the discretion to determine the number of Forms to provide to the program sponsor.

Note: When there is an alert for a program, the ***Alerts** link will display on the *Listing of Programs* screen. SEVIS does not send email notification for alerts. You must use SEVIS to view and process alerts. (See Section 2.5, Alerts, for additional information about SEVIS alerts.) Exhibit 16, Allotment Alert, is an example of the alert generated by SEVIS when a sponsor has used 80% or more of their allotment of Forms.

Exhibit 16: Allotment Alert

The screenshot shows the SEVIS interface for American Au Pair Agency, Inc. (Program Number: P-4-00447). The header includes the U.S. Immigration and Customs Enforcement logo, the ICE logo, and the text "Student & Exchange Visitor Information System" and "SEVIS". Navigation links include "Main | Help | Tutorial | Logout", "Message Board | Change Password", and "Get Adobe Reader". The main content area displays "Alerts for American Au Pair Agency, Inc." and states: "The following alerts deserve your attention: 9 DS-2019 Allotment(s) Remaining. You have 1 Exchange Visitor(s) Nearing the Program End Date in 60 Days or Less". The date "04/19/2007 (Thursday)" is shown at the bottom of the alert area.

Note: Program sponsors may no longer request additional Forms on the annual report. A request for an additional allotment of Forms must be submitted in SEVIS. If necessary, DoS will contact the RO to discuss the request.

Note: When using the Request Allotment feature to request an increase in the number of program participants, written justification must also be submitted to DoS. See Section 2.3.2, Request an Increase in the Number of Program Participants, for instructions on requesting approval to increase the number of program participants.

To request additional Forms DS-2019, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program requesting an allotment of Forms. The *Program Sponsor Information* screen displays.
2. Click the **Request Allotment of DS-2019** link on the **Actions** menu. The *Request Allotment* screen displays.
3. Enter the number of Forms requested.
4. Click the **Request Allotment** button.

Note: If unable to submit this request, view the *Pending Requests* list for this program to determine whether another official has already submitted the request. Only one request can be processed at a time.

This action must be reviewed and approved by DoS; the following outcomes are possible:

- **Approved**—An email is sent to inform the submitter of the request that the request has been approved. The number of Forms allotted to the sponsor is included in the email.
- **Request for Additional Information**—Additional information is required for processing the request. The submitter of the request will receive an email that identifies the information that is requested. When DoS receives the information, the review process will continue.
- **Denied**—An email is sent to inform the RO and the submitter of the request, if different, that the request has been denied. DoS will send a formal letter by fax or the U.S. Postal Service explaining the reason the request was denied.

2.3.1.8 Request Brochures

All Exchange Visitor Program sponsors may request copies of the “Exchange Visitor Welcome” and “Au Pair” brochures. To request copies of one or both of these brochures, perform the following:

1. On the *Program Sponsor Information* screen, click the **Request Brochures** link.
2. Enter the number of brochures requested and click the **Request Brochures** button. When DoS processes this request, SEVIS automatically sends an email to the submitter of the request to confirm receipt of the sponsor’s request and to inform him or her that the brochures are being mailed.

2.3.2 Request an Increase in the Number of Program Participants

This section explains the procedures for requesting an increase in the allotment of Forms DS-2019 for the purpose of expanding the number of participants in a program.

DoS is vested with the discretion to determine the number of participants in a given sponsor’s program. In determining this number, the Department considers current program size, projected expansion of program size, and the current administration of the specific program. The Department is particularly concerned with requests for a significant expansion in a relatively short period of time. Requesting an increase in the number of program participants is a two-step process, including:

- An electronic submission through SEVIS
- Written justification

WARNING: DoS must receive the written justification within 30 calendar days of submission of the request in SEVIS. Otherwise, the request will be denied. See Section 2.3.1.7, Request Allotment of Forms DS-2019, for the procedures for the electronic submission of a request for an allotment of Forms.

When making a request for an increase in the number of Forms, information that demonstrates the ability to select, place, and supervise additional EVs must be submitted to DoS. The request must be:

1. Prepared on the program sponsor's letterhead, and
2. Mailed or faxed to the Office of Exchange Coordination and Designation for processing

The written justification must address the following:

1. The reason for the request for program expansion
2. Staff increases relevant to this anticipated program increase including before and after staffing patterns/personnel structures
3. Confirmation/assurance that the new employees/representatives have been adequately trained in order to assume their respective duties and responsibilities associated with this program expansion
4. Current financial information (including year-end financial statements/reports and a proposed business plan)
5. Any other information on how this program growth will be absorbed

Mail the materials to DoS; see Section 1.1, Resources, or Attachment A, Resources, for the appropriate address. Additional contact information can be found on the Internet (Office of Exchange Coordination and Designation, <http://exchanges.state.gov/education/jexchanges/contact.htm>).

2.3.3 Edits Menu

The two options available on the **Edits** menu are Add/Update Officials and Update Address (of program). Both options are discussed in detail in the following sections.

2.3.3.1 Add/Update Officials

You may update an existing official's information in SEVIS, and add new or existing officials. Also, the RO and ARO may submit a request to replace the RO. The *Official Information* screen is used to add/update officials. Exhibit 17, Official Information Screen, is an example of the screen.

Note: Each program sponsor must have 1 RO and up to 10 AROs; however, DoS reserves the right to limit the number of AROs.

2.3.3.1.1 ADD A NEW OFFICIAL AS AN ARO

All program sponsor personnel who will access SEVIS and perform tasks must have a record in SEVIS. A new ARO is someone who does not have a record in SEVIS, and does not have a SEVIS user ID and password. Each program sponsor may have up to 10 AROs; however, DoS reserves the right to limit the number.

To add a new ARO, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program to which a new ARO is being added. The *Program Sponsor Information* screen displays.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays (Exhibit 17).
3. Click the **Add New Official** link below the **Official Name** column. Exhibit 18, Add Official Screen, is an example of the screen that displays.

5. Click the **Add Official** button at the bottom of the screen. A message displays stating that the request has been successfully submitted to SEVIS.
6. On the message screen, click the **Print DS-3037** button. See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions. The printed Form includes a section to be filled out and signed by the new ARO, certifying his or her citizenship status. This Form DS-3037 must be notarized before it is submitted to DoS. If the Certification of Citizenship Form is notarized using an ink stamp, it may be faxed to DoS, and the original must be submitted by mail. (See the DoS web site for contact information: <http://exchanges.state.gov/education/jexchanges/contact.htm>.) If the Form is notarized with an embossed stamp, it must be mailed to DoS.

Note: To meet regulatory requirements, the prospective ARO must satisfy the Notary Public that he/she is a U.S. citizen or LPR. The Notary Public can advise what information they will accept as proof of citizenship or LPR status.

Note: If the Form is not printed immediately after submitting the request in SEVIS, it may be printed by accessing the *Program Sponsor Information* screen. Click the **Pending Requests** link on the **Actions** menu, and then click the **Print** link for the appropriate request.

7. Mail the completed Form to DoS; see Section 1.1, Resources, or Attachment A, Resources, for the appropriate address.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Request for Information**—Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied**—The submitter of the request will receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

2.3.3.1.2 ADD AN EXISTING OFFICIAL AS AN ARO

All program sponsor personnel who will access SEVIS and perform tasks must have authorization to use SEVIS. Each program sponsor may have up to 10 AROs; however, DoS reserves the right to limit the number.

There are program sponsor and school personnel (that is, RO, ARO, and PDSO/DSO) who already have access to SEVIS because of their affiliation with another program or school. They are considered existing officials.

Note: An official who performs duties for more than one Exchange Visitor Program sponsor or who is a PDSO or DSO for a school can have **only one** title, telephone number, fax number, and email address in SEVIS. Therefore, if you are adding an existing official so that he or she can access other sponsor or school records with one SEVIS ID, the information associated with the current SEVIS ID will populate all relative fields for other programs and schools. If you update these fields, the new data will be the same for **all** sponsors and schools with which the official is associated. Also, for PDSOs and DSOs, **the title entered will print on all student Forms I-20.**

To add an existing official and assign him or her to a role as an ARO, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program to which the ARO is being added. The *Program Sponsor Information* screen displays.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays.
3. Click the **Add Existing Official** link below the **Title** column. The system displays the *Add Existing Official* screen.
4. Enter the active user's SEVIS user ID in the **User Name** field.
5. Click the **Add Official** button. The system displays the *Add Existing Official* screen. Exhibit 19, Add Existing Official Screen, is an example of the screen.

Note: An official who performs duties for more than one Exchange Visitor Program sponsor or who is a PDSO or DSO for a school can have **only one** title, telephone number, fax number, and email address in SEVIS. If these fields are updated, the new data will be the same for **all** sponsors and schools with which the official is associated. Also, for PDSOs and DSOs, **the title entered will print on all student Forms I-20.**

7. Click the **Add Official** button. The system displays a message stating that the request has been successfully submitted to SEVIS, and

(See Section 2.4, Print a Form DS-3036, Form DS-3037, or Draft Form, for printing instructions.) The Form DS-3037, including the signed and notarized Citizenship Certification Form, must be submitted to DoS for review. If the Form DS-3037 is notarized using an ink stamp, then it may be faxed to DoS, and the original must be submitted via mail. If the Form is notarized with an embossed stamp, it must be submitted to DoS.
8. Mail the original signed and notarized Form DS-3037 for a PDSO or DSO to DoS. See Section 1.1, Resources, or Attachment A, Resources, for the appropriate address.

Note: If the Form is not printed immediately after submitting the request in SEVIS, it can be printed by accessing the *Program Sponsor Information* screen. Click the **Pending Requests** link on the **Actions** menu, and then click the **Print** link for the appropriate request.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved**—The submitter of the request and the newly added ARO will automatically receive approval notification by email. The next time the ARO logs into SEVIS, he or she will have access to the data for the additional program.
- **Request for Information**—Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied**—The submitter of the request will receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

2.3.3.1.3 UPDATE AN EXISTING OFFICIAL'S INFORMATION

Updating an active official's data in SEVIS includes changing his or her name, telephone or fax number, and/or email address. Changes to the official's telephone number, fax number, and email address take effect immediately. However, changing the official's name (for example, the official got married) requires review and approval by DoS.

To update an official's record, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program whose official's record is being updated. The *Program Sponsor Information* screen displays (Exhibit 8).
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays (Exhibit 17).

3. Click the **Update** link to the right of the name of the official whose information is being updated. The *Update Official* screen displays.
Note: Only an RO can update the RO's information.
Note: An official who performs duties for more than one Exchange Visitor Program sponsor or who is a PDSO or DSO for a school can have **only one** title, telephone number, fax number, and email address in SEVIS. If these fields are updated, the new data will be the same for all programs and schools with which the official is associated. Also, for PDSOs and DSOs, **the title entered will print on all student Forms I-20.**
4. Make the necessary changes to the official's data.
WARNING: If the official's name **and** other data must be updated, make all changes *except* the name change and click the **Update Official** button. Those changes will take effect immediately. Name-change requests must be reviewed and approved by DoS (for example, the user changed his or her first, middle, or last name).
5. Click the **Update Official** button. A message displays stating that the request has been submitted. If the title, telephone number, fax number, and/or email address fields were updated, those changes will take effect immediately.

7. The RO must sign Page 2 of the Form (Certification of Citizenship), and the proposed official must have the Form DS-3037 notarized before submitting it to DoS. (If the Certification of Citizenship Form is notarized using an ink stamp, then it may be faxed to DoS, and the original must be submitted by mail. If the Form is notarized with an embossed stamp, it must be mailed to DoS.)
Note: If changing only the official's middle name and/or suffix, those changes do not print on the Form; however, they do require DoS approval.
8. Mail the original signed and notarized Form to DoS; see Section 1.1, Resources, or Attachment A, Resources, for the appropriate address.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved**—The submitter of the request and the ARO whose name has been changed will automatically receive approval notification by email.
- **Request for Information**—Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied**—The submitter of the request will receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

2.3.3.1.4 DELETE AN EXISTING ARO

Deleting an official will remove the individual's record from association with a specific Exchange Visitor Program altogether and the official will no longer be able to perform SEVIS tasks for that program sponsor. To delete an official, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the sponsor whose ARO you wish to delete. The *Program Sponsor Information* screen displays.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* screen displays.

5. Enter a reason for deleting this official in the text box provided. Completion of this field is optional.
6. Click the **Delete Official** button. The deletion will take effect immediately.

Note: If this is the only ARO for the program, the system displays a warning. Every Exchange Visitor Program must have 1 RO and up to 10 AROs. Continue to delete the ARO, or click the **Cancel** button to return to the *Official Information* screen without taking any action on the official.

2.3.3.1.5 REPLACE THE RO WITH AN EXISTING SEVIS USER

The RO or an ARO for the program may submit a request to replace the RO. When the request is submitted by an ARO or an RO submits a request to be replaced by a PDSO or DSO, the request must be reviewed and approved by DoS. However, if the RO submits a request to be replaced by an existing RO or ARO, the replacement takes effect immediately.

To request to replace the RO with an existing SEVIS user, perform the following:

1. On the *Listing of Programs* screen, click the link in the **Name of Program** column for the program whose RO you wish to replace. The *Program Sponsor Information* screen displays.

2.5 Alerts

Alerts are notices to users identifying tasks that need to be completed in SEVIS. In most cases, these alerts are indicators that, according to the information currently in the system, a deadline is approaching for some type of process. For example, 6 months before a program's designation expires, SEVIS provides an alert indicating that the redesignation date is nearing. Another alert will display 3 months prior to the redesignation date.

Note: When an alert exists, the ***Alerts** link will display on the *Listing of Programs* screen. SEVIS does not send email notification for alerts. You must access SEVIS to view and process alerts.

Exhibit 21, Listing of Programs Screen—Alerts Link, shows the location of the ***Alerts** link on the screen. If there are no alerts for a program, the ***Alerts** link will not display on the *Listing of Programs* screen.

Exhibit 21: Listing of Programs Screen—Alerts Link

The screenshot shows the SEVIS interface. At the top, there is a header with the U.S. Immigration and Customs Enforcement logo, the ICE logo, and the text "Student & Exchange Visitor Information System" and "SEVIS". Below the header, there are navigation links: "Main | Help | Tutorial | Logout" and "Message Board | Change Password". The main content area is titled "Listing of Programs" and includes a note: "* Indicates an alert for that program". Below this is a table with the following data:
