Announcement Type: Grant
Funding Opportunity Number: ECA-ECALMAQM-15-001

EXECUTIVE SUMMARY

The Department of State's Cultural Programs Division (ECA/PE/C/CU) in the Bureau of Educational and Cultural Affairs is pleased to announce an open competition for grants from U.S. based non-profit organizations including museums, galleries, visual and design arts centers and schools of design and architecture to organize the official U.S. presentation at the 15th International Architecture Exhibition to be held in Venice, Italy, June through November, 2016.

A three-day Preview/Inauguration (the Vernissage) of the Venice Architecture Exhibition will be conducted prior to the official opening of the exhibition.

The international architecture exhibition is the premier showcase for revolutionary ideas in contemporary architecture and planning through national representations. Proposals should represent the most excellent and innovative work in American architecture and landscape architecture.

The Biennale is a unique opportunity to share important developments in the American architectural field with members of the international community, and engage with non-traditional audiences (e.g., younger, urban, and disabled communities), and the U.S. Department of State has special interest in engaging these audiences through outreach activities associated with the exhibition.

Proposals that demonstrate an especially robust outreach plan of exhibition-related activities to engage the public and broaden the impact of the exhibition with these audiences will most likely be judged especially competitive.

Pending availability of funds, the Department of State will make up to \$100,000 available for all aspects of the exhibition including development, preparation, travel of curators and key participants, production, installation, dismantling, and the return or onward shipping of the exhibition at the Biennale's end. The Peggy Guggenheim Collection in Venice will provide the staffing, maintenance, and operations of the U.S. Pavilion during exhibit installation and removal, and for the period of the exhibition (approximately three months).

2016 Architecture Biennale Theme (To be determined):

The Bureau of Educational and Cultural Affairs of the U.S. Department of State, seeks proposals for an exhibition that will examine in detail visionary and innovative projects and proposals that are consistent with or complementary to the Biennale's theme. The theme is generally very broad. A specific theme is expected to be announced by the Biennale commissioners in mid-2015. Please check the Grants.gov (<http://grants.gov>) and the ECA [Open Grant Solicitations](#) websites regularly for theme information and other updates. Proposals presenting topical issues in contemporary architecture will likely be responsive to the theme.

Pursuant to the Mutual Educational and Cultural Exchange Act of 1961, as amended (Fulbright-Hays Act) the Bureau of Educational and Cultural Affairs of the U.S. Department of State awards grants and cooperative agreements to educational and cultural public or private nonprofit foundations or institutions. If your organization is a private nonprofit which has not received a grant or cooperative agreement from the Bureau in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status. ***Failure to do so will cause your proposal to be declared***

technically ineligible and will receive no further consideration in the process.

Please note: All applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information in one of the following ways:

For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one-page description of grant activities, will be transmitted by the State Department to OMB, along with other information required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov website as part of ECA's FFATA reporting requirements.

VI. MONITORING AND EVALUATION

Grantees will be required to provide an analysis and summary of their evaluation findings in their regular program reports to the Bureau. All data collected, including contact information, etc., must be maintained for a minimum of three years and provided to the Bureau upon request.

Personnel – Identify staffing requirements by each position title and brief description of duties. List annual salary of each position, percentage of time and number of months devoted to project (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation: $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312$).

Fringe Benefits - State benefit costs separately from salary costs and explain how benefits are computed for each category of employee - specify type and rate.

Travel - Staff and participant travel, including international and in-country travel, domestic U.S. travel, if any, and per diem (lodging, meals and incidentals) for both participant and staff travel. Per diem rates (available from the http://aoprals.state.gov/content.asp?content_id=184&menu_id=81 website); per diem may not exceed the published U.S. government allowance rates; however, applicants may use per diem rates lower than official government rates.

Explain differences in fares among travelers on the same routes: e.g., project staff member traveling for three weeks whose fare is higher than that of staff member traveling for four months. All travel must be in compliance with the Fly America Act (which does allow travel on code share airlines).

Equipment –provide justification for any equipment purchase/rental, defined as tangible personal property having a useful life of more than one year and an acquisition cost of \$5000 or more.

Supplies - list items separately using unit costs (and the percentage of each unit cost being charged to the grant) for photocopying, postage, telephone/fax, printing, and office supplies (e.g., Telephone: $\$50/\text{month} \times 50\% = \$25/\text{month} \times 12 \text{ months}$).

Contractual – For each sub grant/contract please provide a detailed line item breakdown explaining specific services. In the sub award budgets, provide the same level of detail for all line items (personnel, travel, supplies, direct costs, etc) required of the direct applicant.

Other Direct Costs - these will vary depending on the nature of the project. Justify each in the budget narrative.

Indirect Charges - See OMB Circular A-122, "Cost Principles for Non-profit Organizations" for non-profit organizations; Federal Acquisition Regulation (FAR) 48 CFR part 31 for commercial firms.

- If your organization has an indirect cost-rate agreement (NICRA) with the U.S. Government, a copy must be included with the application.
- If your organization does not have a NICRA, you may not claim indirect charges in this field -- all indirect charges must be listed in Field H, Other Direct Costs.
- Indicate how the rate is applied--to direct administrative expenses, to all direct costs, to wages and salaries only, etc.
- If sub-Grantees are claiming indirect costs, they should have an established NICRA that is also submitted with the proposal package.
- Do not include indirect costs against participant expenses in the budget.

Cost Share - Cost sharing is the portion of program cost not borne by Department of State. In general, applications that include in-kind and/or cash contributions from non-U.S. Government sources will be more competitive, since cost-sharing demonstrates a strong commitment to the activities and greater cost effectiveness.

- If cost share is included, it should be listed as a separate column in the budgets. Cost share can be either cash or in-kind; assign a US dollar monetary value to each in-kind contribution. If the proposed project is a component of a larger program, identify other funding sources for the proposal and indicate the specific funding amount to be provided by those sources.
- Applicants should consider all types of cost sharing. Examples include the use of office space owned by other entities; donated or borrowed supplies and equipment; (non-federal) sponsored travel costs; waived indirect costs; and program activities, translations, or consultations. The values of offered cost share should be reported in accordance with OMB Circular A-110 (Revised). **Other federal funding does not constitute cost sharing.**
- The recipient of an assistance award must maintain written records to support all allowable costs which are claimed as its contribution to cost-share, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110 (Revised). In the event the recipient does not meet the amount of cost-sharing stipulated in their application, the Bureau's contribution may be reduced in proportion to the recipient's stated contribution.

The Educational and Cultural Affairs Bureau (ECA) WILL CONSIDER budgeted line items for:

- Independent evaluations to assess the project's impact (costs must be built into the overall original budget proposal and must be reasonable);
- Costs associated with an internal evaluation conducted by the applicant (costs must be built into the overall original budget proposal and must be reasonable).
- Visa Fees and Immunizations associated with program travel.

IMPORTANT BUDGET CONSIDERATIONS FOR EXHIBITIONS IN VENICE

- Include costs associated with trips to Venice, Italy before and during the Biennale by exhibition personnel. Include travel for the curator to participate in one commissioner's meeting organized by La Biennale di Venezia prior to the opening of the exhibition.
- Short term visits generally require at least \$250/day for modest hotel and \$90/day for meals.
- Public relations costs should include letterhead, press photos, CDs, and any other image media.

- For recent Biennales, as many as 2,000 bilingual press packets have been printed and distributed by the curators, their representatives, and the Biennale press office. Proposals should include a line item cost of \$2,000 - \$3,000+ for these services.
- Publications: In addition to a single line item for all printing, the cost of graphic designers and editorial services must be listed as separate line items. The Department of State requires that, at minimum, a modest brochure be available for free distribution to visitors to the U.S. Pavilion.
- Anything that cannot be hand carried must be shipped to the U.S. Pavilion, sited in the Giardini, by boat or barge. Boats with cranes at present cost a minimum of \$3,000 per use. Barges with cranes cost twice as much. Depending on the weight, volume and time sensitivity of the shipment, multiple barges/cranes may be required.
- Storage is not available at the U.S. Pavilion. Crates must be stored off site at an approximate cost \$1,500 - \$2000. These costs are only approximate. The exhibitor will need to obtain more accurate estimates once the number and size of crates are known and for how long they will be stored.
- The U.S. Pavilion has a set of standard light fixtures (specifications are available on request). If specialized fixtures are required, the cost to purchase/install new/different ones should be included in the budget. The budget should include a sum for replacement light bulbs (a four month supply) and electricians, if required.
- Two months prior to the exhibition opening, it is necessary to file a request for public access to the U.S. Pavilion. This fee is variable depending on how much work is done to make the exhibit viable. Proposals should allocate \$5,000 - \$6,500 for related fees.
- Local labor is generally hired at a cost of \$52-65/hour, depending on the skills needed.
- If U.S. Pavilion modification or architectural work is applicable, please include costs for local architects/engineers and costs associated with obtaining permits. (Assistance in obtaining these estimates is available on request).
- If the exhibition requires temporary modifications to the interior or exterior of the U.S. Pavilion, the budget must include costs for all expenses associated with the return of the U.S. Pavilion to its original condition.
- Painting of the U.S. Pavilion for exhibition requirements and re-painting at the exhibition end to restore the U.S. Pavilion to its original condition must be budgeted.
- Upon selection, curators will meet with the Peggy Guggenheim Collection staff, review actual project needs and develop a revised budget. Any sums required over and above the line item allocations will be the responsibility of the curator and sponsoring organization.
- The U.S. Pavilion (together with all the other national Pavilions in the Giardini) was listed in 1998 as a national historic building. Consequently, permanent structural alterations to the U.S. Pavilion are not possible, and temporary alterations require six months minimum lead-time for obtaining necessary permissions in Venice, Italy.
- Equipment (such as audio-visual) and other exhibition materials (signage, banners, bases, tools, and hardware) can be acquired in the U.S. and shipped to Venice or alternatively rented or purchased in Italy. All imported materials must be declared whether permanent or temporary, and if temporary, re-exportation is mandatory. **It may be more cost-effective to pay modest customs charges on**

materials entering Italy than to pay for return shipping to the U.S. Please consult an international freight forwarder for information and rates for customs duties.

- All materials employed in the exhibition installation require fire safety certification or an EU certificate.
- The Pavilion has climate control, burglar and fire alarms. The Pavilion uses 220v alternating current (this can be increased to 380v if required).
- The Department of State supports the Solomon R. Guggenheim Foundation to enable the staff of the Peggy Guggenheim Collection (PGC) in Venice to assist curators and artists with the planning and installation of the U.S. exhibition. The PGC staff may be consulted in matters concerning shipping and customs; local vendors and skilled labor, including architects and contractors; and must be consulted for any proposed alterations to the interior or exterior of the Pavilion. Applicants who wish to consult with the PGC prior to submitting an application should first contact the Visual Arts office at the Department of State, (202) 632-6408 or Biennales@state.gov.

C. Budget Narrative

Explain each line-item and how the amounts were derived, as well as the source and description of all cost-share offered (in Microsoft Word format).

Office of Management and Budget (OMB) Circulars

Organizations should be familiar with OMB Circulars A-110 (Revised) 22 CFR 145 (Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Nonprofit Organizations), A-122/A-21 (Cost Principles for Nonprofit Organizations; Indirect Costs), and A-133/A-128 (Audits of Institutions of Higher Education and Other Nonprofit Organizations) on cost accounting principles. OMB circulars are available at: http://www.whitehouse.gov/omb/circulars_default

Before grants are awarded, the Bureau reserves the right to reduce, revise, or increase proposal budgets in accordance with the Bureau's program needs and availability of funds.

VIII. ADDITIONAL GUIDELINES

- A. Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including but not limited to ethnicity, race, gender, religion, geographic location, social-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the Support for Diversity section for specific suggestions on incorporating diversity into the total proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau, "shall take appropriate steps to provide opportunities for participation in such program to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have

inappropriate influence in the selection process. Proposals should reflect advancement of this goal in their program contents, to the full extent deemed feasible.

B. ECA's COMMITMENT TO PUBLIC PRIVATE PARTNERSHIPS (PPPs)

ECA is reaching out to the private sector to engage in collaborative public-private partnerships that align with ECA's mission of building mutual understanding around the world. While there is a tremendous demand for ECA programs, meeting these demands and the challenges of the 21st century must come from collaboration between the public and private sectors. This tremendous demand, coupled with our past successes in developing public/private partnerships, has led us to look for ways to further increase the effectiveness of our programs. We know that our educational, cultural and sports activities align strategically with the corporate social responsibility goals of corporations and the mission of many foundations.

Public/private partnership furthers the social responsibility goals of private sector philanthropy through focused investments in educational and cultural exchanges while amplifying the expanse and reach of ECA's programs. These programs build human potential and local capacity, highlight talent and can identify potential employees and consumers. Multinational companies are increasingly interested in human capacity building and being good global corporate citizens. Foundations have had a long track record of philanthropic work around the world.

ECA strongly encourages applicant organizations to consider developing sustainable public private partnerships in an effort to expand and increase the number of program participants and the overall impact and reach of ECA funded exchange programs and activities. Proposals should demonstrate a firm commitment to the advancement of PPPs in their proposal narrative and when possible, include letters of commitment from the organizations/companies with whom they are proposing to partner. Please note: Any/all proposed partnering relationships will be vetted with ECA's Office of Private Sector Exchanges and the Department's Office of the Legal Advisor to ensure there is no conflict of interest.

Proposal narratives should also demonstrate a willingness to coordinate closely with the program office(r) assigned to this project in collecting data and highlighting and publicizing successful public private partnerships that result from ECA funded assistance awards (grants and cooperative agreements).

IX. AWARD ADMINISTRATION INFORMATION

Award Notices: The grant agreement shall be written, signed, awarded, and administered by a Grants Officer at the U.S. Department of State. The Grants Officer is the Government official delegated the authority by the U.S. Department of State Procurement Executive to write, award, and administer grants and cooperative agreements. The assistance award agreement is the authorizing document and it will be provided to the Recipient through either mail or facsimile transmission. Organizations whose applications will not be funded will also be notified in writing.

Crediting Language: The grantee is required to include language crediting the U.S. Department of State, and an approved Department of State logo, which currently is the U.S. flag along with the U.S Department of State seal, in all print and electronic materials related to the grant. Specific crediting language will be stipulated in the grant agreement.

Outreach Coordination: Grantees are required to coordinate public relations, outreach (including social media platforms), and media strategies with ECA. Public announcements and press releases must be cleared with ECA in advance of their release.

Reporting Requirements: Grantees are required to submit quarterly program progress and financial reports throughout the project period. Progress and financial reports are due 30 days after the reporting period. Final programmatic and financial reports are due 90 days after the close of the project period. Progress reports must be uploaded to the Grantsolutions.gov electronic database and must also be submitted via electronic mail to an address to be provided in the award documents.

Financial reports must be submitted electronically through the Payment Management System.

X. DISCLAIMER

If a proposal is selected for funding, the U.S. Department of State has no obligation to provide any additional future funding in connection with the award. Renewal of an award to increase funding or extend the period of performance is at the total discretion of the U.S. Department of State.

DIVERSITY

Bureau of Educational and Cultural Affairs

The Bureau of Educational and Cultural Affairs of the United States Department of State strives to ensure that all programs conducted under its mandate reflect the diversity of the intended audiences. The Bureau aggressively seeks and actively encourages the involvement of U. S. and international participants from traditionally underrepresented audiences in all its grants, programs and other activities. These audiences include, but are not limited to women, racial and ethnic minorities, people living in underserved geographic locations, religious minorities, people of lower socio-economic status and people with disabilities.
